

The Owls Head Village Library
*invites you to join us in the
 grand re-opening of our*
MARY DYER CHILDREN'S ROOM

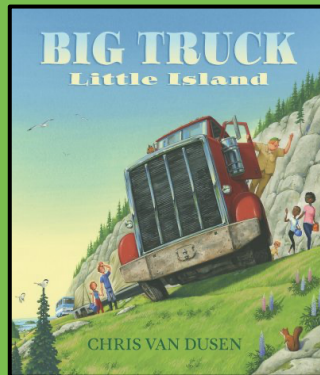

With the generosity of our community and a grant from The Pilcrow Foundation, what started off as a simple suggestion to replace the carpet and refresh our children's collection turned into a greater undertaking and end result than we ever could have imagined. We've been working all winter long on a total renovation of our Children's Room, from soup to nuts. We are so thrilled to debut this new space and our new books to its current and future patrons!

Please join us for our open house,
